About me

Emacs
NixOS
Computer science
Mathematics
Dogs

Skills

rust 2.0 elisp 3.0 scala 3.0 java 3.0

(*)[The skill scale is from 0 (Fundamental Awareness) to 5 (Expert).]

Interests

I am passionate about programming languages and compilers. I enjoy working on building tools, parallel and concurrent applications, distributed systems, among other things. I am concerned about maintainability, correctness and robustness.

Education

- 2020-2022 M.Sc. Universitat Politècnica de Catalunya
Majoring in Computer Science
- 2013-2017 B.Sc. Universitat Politècnica de Catalunya
Majoring in Computer Science

Experience

- 2019-2020 Backend Developer. Coinweb
Part of the team that created the main product of the company, a cross-chain DLT.
Technologies: Haskell.
- 2017-2019 Full-stack Developer. Agilogy
Worked as a consultant in several companies such as Mango (Clothing), Stuart Delivery, etc.
Technologies: Scala, Typescript
